

CT15

The CT15 is a compact 15" touchscreen computer with the power, durability and security required for wall-mounted or desk-mounted applications. The CT15 excels in demanding working environments like Retail, Healthcare, Education and Manufacturing.

With a min. warranty of 3 years, and many peripherals to choose from, all computers are built to your unique specifications and shipped from California, USA.

Touchscreen Computer

Technical Specifications

Display Size	15", 1024×768 max. resolution	Weight	9.6 lbs / 4.4 kgs
Touchscreen	Resistive, Projective Capacitive (Multitouch)	Mounting Options	Desktop, Wallmount or VESA 100
Spill Proof	IP65 Rated Front Panel Only	Security Lock	Kensington Microsaver
Processor	Intel 7th Generation Celeron 2.2GHz, i5 2.5GHz	Operating Environment	0°C to 40°C, 20% to 80% Humidity
Memory	4GB memory, up to 32GB	Warranty	3 Years
Storage	120GB SSD or larger	Power Supply	150W, AC 100-240V
Operating System	Win10 IOT, Win10 Pro, Linux	Agencies	FCC A, CE
Network/Ethernet	Intel® 10/100/1000 Mbit/s	Optional	WiFi 802.11 AC/AX Embedded Privacy Filter Backup battery, or Hot-swappable
Connectivities	USB total 7: USB 3.0 x 4 Powered USB 24v x 1 Powered USB 12v x 2 RS-232 x 2 (RJ45 jack) HDMI x 1	Peripherals	Proximity RFID Reader, Webcam, Fingerprint reader, Magnetic Stripe Reader (Encryption option) 2D barcode scanner, Tethered stylus
Dimensions	14.2×11.5×2.3 inches / 359x292x59 mm		

CT16

The CT16 has a slim 1.5" profile giving the look of a lightweight tablet and is ideal for either wall or desk mounted applications. With an optional embedded privacy screen, this multi-touch 16" touchscreen is scratchproof, spill proof and built for demanding working environments like Retail, Healthcare, Education and Manufacturing amongst others.

With a min. warranty of 3 years, and many peripherals to choose from, all computers are built to your unique specifications and shipped from California, USA.

Touchscreen Computer
